

# HELP THE DUCKS

Hi my name is Mei and I'm going to be talking about Nielsen Grove Park.

So **NUMBER 1:** Nielsen Grove Park is so fun! [The park has] ginormous swings and there's a big walkabout and flowers that you can walk through like a maze. And there are ducks. And it is just a great area!

**NUMBER 2:** We are going [to talk about] ducks and what to feed them. So at Nielsen Grove Park there are lots of ducks. You cannot feed ducks bread. It is not good for them. It can make the tips of their wings turn so they can't fly.

**NUMBER 3:** I see many people (that I don't know) feeding bread to the ducks. So my goal is to get a metal sign—they do have like a really, little, miniature [sign that is] just in a sheet protector sign [and] that nobody sees. So I wanted to get a metal sign that's bigger. Because theirs is teeny-tiny it is just the size of a piece of paper right now. So we need a HUGE one. That's why I wanted to get one. And I did call ☎ the guy (Parks and Rec) and he's thinking about it.

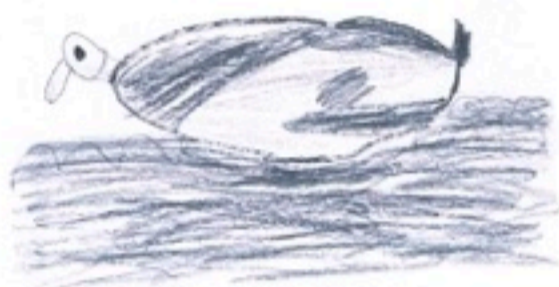

**NUMBER 4:** So we are giving out bookmarks. At Nielsen Grove Park there were thousands of duck feathers all the way around it. So we picked some up, lots of them, and put them in a Ziploc Bag. And we put them in the laminator with this little paper on the back that tells what they can eat and what they can't. And I've been passing them out.

DUCK FEATHER BOOKMARK

Male Mallard Duck

Duck my Mom drew when she was also in kindergarten like me

DUCK IN JAPANESE = アケル

🐥🐥🐥 WHAT DUCKS CAN EAT 🐥🐥🐥

**Bird Seed**

**Rice (dry or cooked)**

**Lettuce/leafy greens**

**Oats**

**Peas (defrosted if frozen)**

**Corn (fresh, defrosted or canned)**

**Grapes (cut into pieces to prevent choking)**
