

Denim Drive!

Help 2nd Day Denim

Hi, My name is Maddy. I'm a sophomore at SMHS. Currently, I am working on my Girl Scout Gold Award. I am asking you to contribute to a very important project I started called 2nd Day Denim.

This organization's purpose is to help our planet by recycling unwanted denim. Over 450,000,000 pieces of denim contribute to our landfills each year. We hope that you will join this cause by donating your old/used denim! This bag will be dropped off on your doorstep Tuesday and picked up the following Friday after 12 pm. Just simply leave it on your step and I will do the rest! Any item of denim clothing works, no matter the color or size. The denim that is donated will be upcycled into insulation for homes. My goal is to collect 2000 pieces which is enough denim to insulate an entire home.

If you have any questions feel free to email me at 2nd.day.denim@gmail.com. Thank you so much for participating!
