Action/Project Plan

Our UN SDGs

UN SDG #3

- Our project is about raising awareness of what to do during a medical emergency, e.g. seizures.
- Since medical emergencies are health-related, our project falls in into the **Good Health and Well-being** SDG.
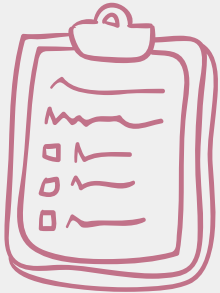

UN SDG #4

4 QUALITY EDUCATION

- Our project is about **teaching** children on how to handle certain medical emergency situations
- Since we are **teaching** children, this would also relate to **quality education**

SMART GOALS

- Teaching 5th grade students on how to identify medical emergencies and what they can do about it
- We plan to get this done by the end of the year.

Community & Needs

Community

- Elementary SWA students (G5)

Their Needs

- To be able to take care of themselves during a medical emergency (identify)
- What to do when somebody near them has a medical emergency, especially if no adult is present
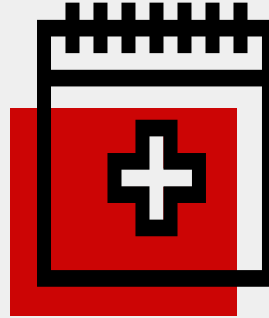

Purpose

Educate

To educate young people regarding emergency medicine so that they are able to handle an emergency situation properly
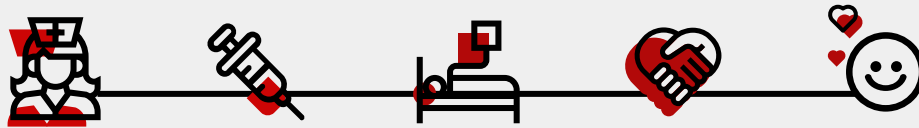

Learn

To interview medical professionals to seek valid information from them on what we would teach

Project Plan

What are we going to do?

We are educating grade 5 on emergency medicine basics and how to handle emergency situations correctly.
